Dear Patients and Friends,

For the past 20 years, it has been my pleasure and privilege to serve as your dentist. Over the years, many of you have become more than patients. You have become friends and extended family. I have also been very fortunate to work alongside such a caring and dedicated team. The time has come for me to retire from active general dentistry and spend more time with my family and friends. After 20 years in practice, this was not an easy decision to make.

One of the most important things to me was finding the right dentist to continue caring for you with the same dedication and compassion. After meeting with different dentists and giving this decision a great deal of thought, I am very happy to have found that person in **Dr. Young Jee**. I feel confident that Dr. Jee shares the same values and commitment to patient care that have always been important to me.

Dr. Jee will be working alongside the **same familiar team** you know and trust: Carrie, Ann Marie, Theresa, Pamela, MaryBeth, and Jeanine.
Ann Marie and Jeanine have also worked with Dr. Jee in the past, so he is already a familiar face to members of our team.

Thank you for the trust, friendship, and support you have given me over the past 20 years. I hope you will extend the same warmth and trust to Dr. Jee, and I am confident that you and your families will be in excellent hands.

With gratitude,
Jeffrey Santanello, DMD

Dear Patients and Families,

I feel very fortunate to have the opportunity to continue what Dr. Santanello has built over the past 20 years. When I first met him, I quickly realized that we shared many of the same values about patient care. I am grateful for his trust and look forward to working alongside the same dedicated team you have come to know.

This area has always been home to me. I grew up in Blue Bell and graduated from Temple University Kornberg School of Dentistry. My family and many of my closest friends still live nearby, and my wife and I are excited to continue building our life here.

I believe in treating my patients like family and doing what I feel is best for them. I plan to continue investing in the practice while preserving the welcoming atmosphere and personal attention you have come to know. I understand that trust takes time. **I will do my best to care for you and your families and hope to earn your trust over time.**

Thank you, and I look forward to meeting each of you soon.

Sincerely,
Young Jee, DMD
